Takeaway notes from 07/17/2025:

1) **Zan Monroe class feedback:**

- a) Good feedback regarding the class overall.
 - i) There was some talk that maybe the class could've been two half days rather than a full day, and maybe the attendance would've been higher.
 - (1) The price to attend the class might have played an issue for some members as well.

2) **Metro Inspections Mold Class:**

Scheduled for September 10, 2025, from 9a-12p at the LBOR Office

- a) Need to find a sponsor for a light breakfast/brunch – Julie will reach out to Panera
- b) Planning to offer Mike a complimentary Affiliate Membership from September-April as a “thank you” for the class being offered at no cost.

3) **Insurance Panel:**

- a) October works best. We did not discuss a specific date, so this should be done at the August meeting (August 21st).
- i) John Magnuson (Farm Bureau) & Kristi Keefer (Farmer's) are both confirmed. Beth will keep them in the loop on the date options and if we have any specific topics, we'd like them to cover.

4) **Tax Prep & Business Planning:**

- a) Rob will reach out to Amy at Stone Creek Accounting
 - i) November would be ideal since Sept & Oct already have events

5) **New Member Orientation:**

- a) Next class scheduled for August 27th. Beth will update committee members with how many new Primary Memberships we have at the beginning of August.

6) **Ready Set Spring update:**

- a) The Education Summit is scheduled for 2/26/25 at Venue 1235
- b) There was mention of needing to grow the RSS Steering committee. There should ideally be 8-10 people and there are currently 4. They will start meeting at 9:30am on the same day as Education Committee in order to potentially mix the members between the two committees.

7) **Next Meeting: August 21, 2025, at 9:00am**
