

Josh Reazin – Better Homes & Gardens, Kansas City Homes

Personal Info:

I moved to Lawrence in 2012 after graduating from Kansas State University with a Bachelor's in Family Studies and Human Services, along with a Minor in Leadership Studies. My goal was to go into Social Work. After getting a job in Topeka in that field, I quickly realized that it was not the route that I should take. I worked at Deerfield Elementary here in Lawrence as a Para-Educator for four years. While working there, I decided to get my real estate license, so I started those courses in 2013. I got my license in April of 2014. I have enjoyed getting more involved at the Board level and getting to know more of the Realtors and Affiliate Members within the Board. I would love to continue my service with the Lawrence Board of Realtors.

Although I am with a Kansas City brokerage, I do most of my business in the Lawrence market.

In 2021, I was also asked to apply for a KAR Director position and have served as a KAR Director in 2021, 2022, and 2023.
