

Claire Eagan
KW Kansas City Metro

I LOVE my job and enjoy working with people through all walks of life. I'm incredibly grateful for the relationships I've built, and excited to further strengthen those connections. Collaboration and communication are key to building a successful and thriving real estate community. I place a strong value on continuing education and staying informed about best practices, technologies, and changes shaping our industry. Bringing the voices and perspectives of smaller agencies to the table allows every member to feel heard, represented, and valued as an important part of our membership.

When I'm not driving around in my "office," you might find me camping, kayaking, chasing my next passport stamp, or cooking something new. A dozen years ago I was an aspiring actress and had the opportunity to work on local films as well as projects in New York and Los Angeles.

Last October, I married my best friend in Colorado. After a six-mile hike to Lake Isabelle we exchanged vows, followed by a family-only ceremony at Brainard Lake. At home, we're kept on our toes by our 15-year-old cat, Otis Redding, and our one-year-old wild-child kitten, Miles Davis, both living their best lives and getting plenty of snuggles.

I'm excited for the opportunity to listen and collaborate, and by continuing to learn, communicate, and embrace positive changes in our industry, we can build a stronger, more connected membership for everyone.
