

Stephanie Gordon

Re/Max Stateline

I moved to Lawrence at the age of 12, married my high school sweetheart in 1987, and started our family. We were privileged to raise our daughters, Amanda and Lauren, in such an amazing community. Once they flew the nest, I decided to jump feet first into real estate, and I've never looked back! My father, Cliff Spence, was a Realtor in Kansas City for 45 years and he was my mentor before he passed. I work hard to carry on his legacy by taking care of my clients like they are family. I feel blessed to work with such a wonderful community of hard-working agents and I am honored to be nominated.
