

Carson Levine

KW Integrity

Living in Lawrence for the last 14 years has been the best experience. I have attended many City Band concerts in South Park, cheered on the Jayhawks in Allen Fieldhouse (and on Mass St. in the middle of the night during March Madness), shopped the Lawrence Farmer's Market nearly every Saturday, watched the cyclists loop downtown on the 4th of July, bid on a tree at the Festival of Trees at Liberty Hall, and participated in many other events around town. Being involved in such a tight-knit community and helping other people become members of this town has been very rewarding and I am grateful for all of the opportunities my real estate career has involved. I look forward to potentially being a very involved member of another community- the Lawrence Board of REALTORS®.
