

Denise Bridwell

Stephens Real Estate

I have lived in and around the greater KC Metro area for my entire life. However, all my adult life has been spent on rural property and in rural communities; even owning/operating a small farm for a while. I started my career in Interior Design and am delighted to have found my way back into the housing industry through real estate. As a six-year Baldwin City resident, I have found joy in my community and a place where I want my three children to grow up. When I am not working, you can generally find me cheering on my kiddos in their multitude of activities and I wouldn't have it any other way.

I have enjoyed working with the education committee and am excited about the opportunity to serve in a greater capacity. It is my desire to represent the more rural communities in our association and be an active contributor in our profession. I thank you for your consideration for our next Board of Directors.
